Veterans Affairs**

February 28, 2007

Dear Ms. Alina Nuñez,

On behalf of the Miami VA Medical Center Employee Wellness & Patient Health Education Programs, I would like to thank you for presenting the Power of Positive Thinking to our employees. The alternative health material was welcomed by both medical and administrative staff equally. Staff evaluations covered the enthusiasm of the presenter, the importance of the topic to workplace morale and productivity, and bringing the presenter back. I welcome the opportunity to work with you in future employee wellness & patient education events.

Sincerely,

Lourdes Martinez-Cox
Patient Education & Employee Wellness Coordinator
